2020-2021 Handbook

Dr. Sonny Arnel, Principal
Scott Harris, Ed.S, CMMA-Activities Director
Welcome to Francis Howell Central and to the Spartan family. Once a Spartan, always a Spartan!

At FHC interscholastic athletics and activities are an extension of the classroom and the overall educational process. They provide valuable lessons for those involved. Teamwork, sportsmanship, self-discipline, self-confidence, citizenship and pride in the community are all developed through active participation in FHC activities. These are all qualities we would like to see in FHC students, which ultimately helps to develop responsible adults and productive citizens after high school.

Since I started at FHC, I have seen the passion of students, staff and community members for our students and their accomplishments. The very dedicated staff and student participants in FHC activities work hard to win not only in their activities but also in the classroom. The pride and support of the FHC community provides a foundation for all of these great things to happen. The Activities Department has experienced success in conference, district and state competition over the years and it is our goal to build on this success.

Our students, athletes, coaches, sponsors and staff will set high standards and strive for continuous improvement and success in FHC activities, in the classroom and in the community. All student participants will strive to be model citizens and leaders both in and out of school. As a student participant at FHC, we will take great pride not only in our success but also in our integrity and sportsmanship shown during competition and events.

It is my hope that you will become involved in a sport or activity at FHC and be a part of the success our programs experience. As we strive to improve on a daily basis, please feel free to contact our office with any questions that you have or with input on how we can make FHC activities the best in the state.
